Bullying Prevention Plan

BULLYING PREVENTION PLAN

1. Introduction

The Galena School District has developed a plan to prevent bullying. Bullying is dangerous and disrespectful behavior that will not be permitted or tolerated. Bullying may involve a range of misconduct that, based on the severity, will warrant a measured response of corrective action and/or discipline. Behaviors that do not rise to the level of bullying, as defined below, still may be subject to intervention and/or discipline under another section of the discipline plan or a discipline policy. Some bullying behaviors may require a report to local law enforcement.

2. Definition

1. **“Bullying”** means: (A) Any intentional gesture or any intentional written, verbal or physical act or threat that is sufficiently severe, persistent or pervasive that creates an intimidating, threatening, or abusive educational environment for a student or staff member that a reasonable person, under the circumstances, knows or should know will have the effect of:

- i. Harming a student or staff member, whether physically or mentally;
- ii. Damaging a student’s or staff member’s property;
- iii. Placing a student or staff member in reasonable fear of harm to the student or staff member; or
- iv. Placing a student or staff member in reasonable fear of damage to the student’s or staff member’s property

(B) any form of intimidation or harassment prohibited by the board of education of the school district in policies concerning bullying adopted pursuant to this section or subsection (e) of K.S.A. 72-8205, and amendments thereto.

- (2) **“School vehicle”** means any school bus, school van, other school vehicle and private vehicle used to transport students or staff members to and from school or any school-sponsored activity or event.

Discipline Plan

Galena Middle, in order to provide quality education for all students, will not tolerate disruptive acts that would interfere with the tranquility of the school, the safety of its students, or the damaging of property. Students enrolled are accountable for their actions in any situation that, at any time of the day, reflects poorly on the mission of the school.

A disruptive or interfering act shall be defined as, but not limited to, inciting, encouraging, promoting or participating in activities which interfere with the due process of the educational program of the school. As such, all student misbehavior should be based on a careful assessment of the circumstances surrounding the infraction (i.e. the student’s attitude, the seriousness of the offense, and its potential effect on other students). Rules and consequences are established, not for the responsible majority, but for the irresponsible few. The discipline code and behavior code are general statements of the rules of the school. The following list of unacceptable behaviors constitutes a more specific list of actions to be avoided by students.

OFFENSE DEFINITIONS AND EXPLANATIONS:

1. ASSAULT &/or BATTERY - Any mutual combat in which both parties have contributed to the conflict, either verbally or by physical action will result in disciplinary action.
2. TRUANCY - Absent from school without parent or legal guardian **and** school permission.
3. DEFIANCE/DISRESPECT OF AUTHORITY - Defiance and/or disrespect can be in many forms; the teacher and administrator will decide the severity of the offense. The refusal to comply with school personnel instructions will be classified as defiance. Disrespect will include any gesturing, actions, or speech interpreted as degrading or demeaning. Any physical aggression toward a school official will be grounds for long-term suspension or expulsion.
4. DRUGS, TOBACCO &/OR ALCOHOL - Students found carrying, using, providing or under the influence of drugs, tobacco and/or alcohol will be disciplined and may be grounds for long-term suspension or expulsion.
5. WEAPONS USE/POSSESSION - Possession of any object deemed dangerous to the school population is not permitted (knives, guns, fireworks, instruments of martial arts, etc.).
6. THREATENING/HARRASSMENT - Verbal or physical conduct, which interferes with an individual’s performance or creates an intimidating, hostile, or offensive environment. This includes comments levied as a joke or in a kidding manner.
7. Senate Bill 38 - Authorizes a one-year Driver’s License revocation/suspension for students long-term suspended from school for possessing weapons or drugs, or for behavior that could cause serious injury to others. If a student’s license has been suspended for other reasons, the year’s revocation would be added to the first suspension.

The Galena School District reserves the right to punish behavior that endangers the welfare and/or safety of other students, faculty or staff, or causes substantial disruption to good order and discipline in the schools, even though such behavior is not specified in the written student discipline offenses or provided in the information contained in this handbook. As we progress through the year it may be necessary to modify information and rules as this happen parents will be notified.

Teachers will submit class assignments for each subject area for students to complete while in ISS. Assignments will be outcome based and relative to the student's abilities so they can work independently. This may not be the same material covered in the regular class, but credit will be given for work completed.

If circumstances warrant, additional curriculum related to anger management, conflict resolution, study skills, etc. may be assigned. Extra curriculum materials and resource books will be available within the ISS classroom.

Drug Free School - Student Conduct

As a condition of continued enrollment in the district, students shall abide by the terms of this policy. Students shall not unlawfully be under the influence of, manufacture, distribute, dispense, possess or use illicit drugs, controlled substances, tobacco, or alcoholic beverages on school district property, or at any school

Nothing in this policy is intended to diminish the ability of the district to take other disciplinary action against the student in accordance with other policies governing student discipline. In the event a student agrees to enter into and complete a drug education or rehabilitation program, the cost of such program shall be the responsibility of the student and his or her parents. Drug and alcohol counseling and rehabilitation programs are available for students of the district.

Transportation Policy

The following regulations pertaining to bus transportation and pupil behavior have been adopted by the board of education of Galena Unified School District No. 499:

Instructions to Pupils and Drivers

1. The driver is in charge of the pupils on the bus. Pupils must obey the driver promptly and cheerfully. Pupils refusing to obey the bus driver will be referred to the building principal for disciplinary action.
2. The driver may assign a seat to each student; each student must be provided a seat. Students in less desirable seats may move to a second assigned seat for added comfort after the passenger load is lightened if permission is first obtained from the driver and if the bus is not in motion. Students must remain seated on the bus except when boarding or exiting. The driver may change assigned seats at his discretion.
3. Pupils must be on time; the bus cannot wait for those who are tardy. Pupils must walk on far left side of road facing traffic when going to bus stop.
4. Pupils must never stand in the roadway while waiting for the bus. All pupils must wait for the bus off the traveled portion of the road. Students should wait in an orderly manner and never push a fellow student.
5. Unnecessary conversation with the driver is prohibited. Do not talk loud or distract the driver's attention. Remember your safety is in his hands.
6. Outside of ordinary conversation, classroom conduct is to be observed.
7. Pupils must not throw waste paper or other rubbish on the floor of the bus. Help keep your bus clean and sanitary at all times.
8. Pupils must not at any time extend arms or heads out of bus windows.
9. Pupils must not try to get on or off the bus or move about within the bus while it is in motion.
10. When leaving bus, pupils must observe directions of driver. If you cross the road, do so in front of the bus after making sure highway is clear.
11. Any damage to the bus is to be reported at once to the driver.
12. STUDENTS RIDING A BUS DURING STORMY SEASON ARE ADVISED TO LISTEN TO THEIR HOME RADIO FOR STORM WARNINGS AND NOT ATTEMPT TO REACH SCHOOL WHEN SO FOREWARNED.

FOOTNOTE: Parents are advised that bus transportation is limited to pupils residing on regular bus routes. Priority for seating will be given to pupils residing the longest distance from the attendance center. Therefore, in cold weather it may become necessary for parents residing in some parts of the city limits to make other

provisions for transportation. In other words, the buses may transport only the number of pupils that can be properly seated.

The district will transport kindergarten children if the children meet the same criteria as other students who are transported.

Guidelines For Extracurricular Trips

1. Any student riding a bus to and from the activity is subject to the rules and regulations of the school.

Kansas Compulsory School Attendance Law

Every parent or person acting as parent in the state of Kansas, who has control over or charge of any child who has reached the age of seven years and is under the age of 18 years, shall require such child to attend continuously each school year.

Any child who is under the age of seven years, but who is enrolled in school, is subject to the compulsory attendance requirements.

Whenever a child is required by law to attend school and is enrolled in school, and the child is inexcusably absent there-from on either three consecutive school days or five or more school days in any semester, the child shall be considered to be not attending school as required by law.

Each board of education shall designate one or more employees who shall report to the secretary of social and rehabilitation services, or a designee thereof, all cases of children who are less than 13 years of age and are not attending school as required by law, and to the appropriate county or district attorney, or a designee thereof, all cases of children who are 13 or more years of age but less than 18 years of age and are not attending school as required by law.

A child is inexcusably absent from school if the child is absent there-from all or a significant part of a school day without a valid excuse acceptable to the school employee designated by the board of education to have responsibility for the school attendance of such child.

ABSENCES

1. On the day the student is absent, a parent/guardian needs to call the school secretary or school administrator, Galena Middle School 783-4499 Ext. 1300 by 8:15 a.m. and state the reason for the absence.
2. If the office has not been notified by you that your child will be absent that day, for the safety of your child, the office will attempt to contact you by phone, a visit to your house, or by contacting one of your emergency references listed on the enrollment form.
3. Students must never leave campus without first clearing through the office.
4. The principal reserves the right to make a determination if the absence is excused or unexcused, and if the student will be allowed to make-up worked missed in after school Detention and/or Saturday school for credit.
5. Suspensions: When a student is suspended for 10 days or less, that student may make up work for credit when returning to school.

Organized Skip Days from both the parent/legal guardian and the school.

1. Truancy is defined as being absent from school without permission.
2. USD 499 does not sanction organized skip days. Choosing to participate in an organized skip day will result not only in truancy consequences but an additional day of ISS. An additional day of ISS will be assigned at the end of the school year for each day missed.

Tardiness

If a student is not in the classroom when the tardy bell rings he/she will be considered tardy. The teacher will admit the student after recording the tardy. Punishments for excessive tardies will be outlined in the discipline grid; excessive tardiness will be reported to Social Rehabilitation Services (SRS) and the County Attorney.

Make-up Policy

1. Procedure for students to make-up classroom work missed due to an excused absence.
2. Regular attendance is vital for a successful school experience. Punctual and regular attendance is necessary in a well-ordered school, both for proper training of the student and to avoid disruption of classroom procedure.

Extracurricular Activity Eligibility

Before a student athlete is permitted to report for practice in an extracurricular activity, he/she must have a physical examination or health review documented.

Students who are engaged in extracurricular activities must be in school the day of the activity or be excused by the principal if they are to take part in that activity or event. A student must have passed five classes of the previous semester to be eligible to participate in athletics during the current semester.

Exception: In case of illness in the family, a family emergency, a funeral, or an appointment with health care provider, the student will be eligible to participate in the activity if that student notifies the principal in advance.

This rule also includes practice.

Insurance and Injuries

Galena USD #499 provides a SUPPLEMENTARY insurance for all of our students. However, this is a backup system to kick in only when the insurance of the parent or guardian will not provide coverage. Students that do not have insurance or the insurance company of the student will not pay are then helped with medical bills if, and only if, the correct documentation has been done. If you are injured in an activity or during a class period your teacher must obtain the proper forms from the office and copies of these must be filled out entirely and placed on file. The originals are then taken with the student to the health care provider. Once treatment has been given, the documents must be returned to the office to be returned to the school's insurance company. Failure to follow the above procedure may result in the insurance company refusing to pay any of the medical bills.

Who is Covered-A student is covered while practicing for, competing in, or traveling to and from as representative of the school and under the direct supervision of a full time school employee, in any interschool activities conducted under the regulations and jurisdiction of the school and the state high school association.

Security Clause

Visitors are asked to report to the principal's office upon entering the building. When exiting the building, please be sure the door is latched behind you. Your cooperation is needed and appreciated. Thanks!
